### Certificates of Nomination.

Secretary of State Taylor says that  
he has received but a few certificates  
of the nomination of the various dis-  
trict electors. He thinks that the com-  
mitteemen in the different districts are  
under a misapprehension and think  
that the nominations should be certi-  
fied as are the congressmen, to the  
board of elections of the most populous  
county in the district. This is wrong,  
and unless the oversight is quickly cor-  
rected the electors cannot have their  
names on the ticket.

### New Counterfeits.

Two new counterfeits of United  
States silver certificates have been dis-  
covered by the treasury department.  
The first is a one-dollar, series of 1891,  
check letter C, signed by J. Fount Till-  
man, register, and D. N. Morgan, treas-  
urer, and having a portrait of Stanton.  
The second is a five-dollar, series of  
1891, check letter B, J. Fount Tillman,  
register, and D. N. Morgan, treasurer,  
and having a portrait of Grant. These  
counterfeits are printed from etched  
plates, and are very poor productions.  
The most careless handler of money, it  
is said, should readily detect the coun-  
terfeit notes.

### Coal Run.

The flood in the Muskingum River  
and its tributaries during last week  
did a great deal of damage to crops on  
all bottom lands.

The operations of constructing a pipe  
line along the Ludlow line by the Buck-  
eye Pipe Line Company have been sus-  
pended on account of the great storm  
of last week.

Attorney Ralph Starling, of this  
place, made a business trip to W. Va.,  
last week.

Mr. Lee Williams, of Marietta, has  
several teams here working on the pipe  
line.

Potatoes are plenty and cheap and a  
good many are being bought up and  
shipped north. Our genial merchant,  
Jim Rose, is retailing them at 25 cents  
a bushel and two big heads of cabbage  
"thrown in" and says, if that don't  
satisfy his customers he will do better  
still. What is the use of whining about  
free silver; if there was a little more  
application and a little less corner loaf-  
ing and whittling of pine boxes, silver  
and gold both would be free enough.  
People should not expect something  
for nothing, and the foolish and fallacious  
idea of voting everybody plenty of  
fat money don't accord with our  
American sentiment.

Bert Hardin, our faithful mail carrier,  
has been laid off for the last few days  
with a lame back, but is better now.

The coal business is rather slow now,  
though our operators usually begin their  
fall trade about this time.

### CLEVELAND STRIKERS

Want to Go Back to Work—Non-Union  
Men Taken to the Works Under Escort.  
CLEVELAND, O., July 28.—A thousand  
men packed the streets in the neigh-  
borhood of the Brown Hoist works  
Tuesday morning. There was a scram-  
ble to get places near the gate and  
many of the men who had been fore-  
most in the recent riots waited quietly  
at the gates from 5:30 a. m. until 7  
o'clock. The non-union men arrived  
under escort. The sudden looks of  
the men who stood and watched  
them was the only indication of the  
bitter hatred with which they are  
regarded by the union men. Hess ar-  
rived a short time after the non-union  
men and addressed the crowd outside.  
He said he could not hire them all  
back but would put them to work as  
fast as he could. He advised them to  
leave their names and addresses so  
that he could send for them when  
wanted. There are 250 non-union men  
at work and 53 more were hired Mon-  
day. These men will be retained.  
One hundred of the strikers went to  
work Tuesday morning.

## ORGANIZING.

### Sound Money Democrats Prepar- ing for the Fray.

The Coming Fall Campaign Will  
Prove Very Interesting.

The Different States Are Preparing to  
Send Representatives to the Indian-  
apolis Meeting. Telegrams From  
Many Sound-Money Democrats.

Chicago, July 28.—The sound money  
democrats received more letters and  
telegram Monday from several states,  
assuring Gen. Bragg and his executive  
committee that state organization  
would be pushed and national commit-  
teemen selected for the Indianapolis  
meeting. News of an encouraging na-  
ture was said to have been received  
from that state, of which much has  
been expected, but from which little  
has been received among the party  
leaders—New York. The contents of  
the dispatches were not disclosed.

The executive committee received a  
telegram from Rufus Hardy, chairman  
of the Texas sound money organiza-  
tion, stating that Texas would name  
its national committeeman Saturday  
next.

John C. Bullitt, a prominent Phila-  
delphia lawyer, who has been leading  
the sound money movement there since  
the convention and was asked by the  
committee to organize Pennsylvania,  
telegraphed his consent to serve and  
stated that a national committee mem-  
ber would be named in time.

Lynde Harrison, of New Haven, Conn.,  
wired a similar acceptance on behalf  
of his state. He was a delegate-at-  
large to the Chicago convention.

Euclid Martin, who has been chosen  
national committeeman for Nebraska,  
telegraphed that Bryan would soon  
discover his state was yet to be con-  
quered by the silver forces.

News from Baltimore showed a  
strong development of sentiment there  
for another ticket, although the first  
sentiment among the party leaders  
had been in opposition. Samuel Kim-  
ble, of Manhattan, Kas., informed the  
committee that arrangements were in  
progress for a state organization, and  
that a member of the national commit-  
tee would be named to attend the meet-  
ing.

A. C. Cassell, of Harrison, Tenn.,  
in a letter, says:  
"We have organized an honest mon-  
ey club and intend to have a state or-  
ganization."

Gordon Woodbury, of Manchester,  
N. H., editor of the Guardian and a  
delegate to the late convention, wired:  
"I will see that a New Hampshire  
representative is at Indianapolis."

John Gill, of Greensboro, N. C., a  
delegate-at-large to Chicago, tele-  
graphed Gen. Bragg:  
"I approve your suggestion to organ-  
ize the state and appoint a commit-  
teeman. This will be recommended to  
a meeting here Tuesday night."

Lincoln, Neb., July 28.—United  
States District Attorney A. J. Sawyer,  
who returned yesterday from a visit  
with Secretary of Agriculture Morton  
at Nebraska City, announces that there  
is no longer any question but that Ne-  
braska sound money democrats will  
nominate a state ticket, whether a na-  
tional convention is held or not. A  
meeting is called for Omaha some day  
this week, when a call for a state con-  
vention will be issued. Mr. Sawyer  
says the sentiment among Nebraska  
sound money democrats is favorable  
to another national democratic conven-  
tion.

LOUISVILLE, Ky., July 28.—Every  
congressional district in Kentucky and  
nearly every county in the state will  
be represented at the meeting of the  
conference of honest money democrats  
that will be held Tuesday at noon in  
the Commercial club rooms in the  
board of trade. The Louisville mem-  
bers of the Honest Money Democratic  
league are in receipt of telegrams from  
all parts of the state announcing that  
representatives will be sent here, and  
at the proper time regularly elected  
delegates will be sent from all of the  
counties to the honest money state con-  
vention, which will be arranged for  
Tuesday. The principal business of  
the conference is to arrange for the  
holding of a state convention.

### NEW POPULIST COMMITTEE.

All Money Transferred to Chairman Bu-  
ler and Associates.

St. Louis, July 28.—The nine  
members of the retiring populist  
executive committee made a formal  
settlement with the new ex-  
ecutive committee Monday. They  
turned over to Chairman Butler and  
Secretary Edgerton all the money  
on hand, had their accounts approved  
and were given a clean bill of health.  
The affairs of the party are now in the  
hands of Chairman Butler and his as-  
sociates on the executive committee,  
who are:

J. A. Edgerton, of Nebraska, secre-  
tary; M. C. Rankin, of Indiana, treas-  
urer; George F. Washburn, of Massa-  
chusetts; John W. Breidenthal, of Kan-  
sas; H. W. Reed, of Georgia; John A.  
Dore, of California; C. F. Taylor, of  
Pennsylvania; James R. Sovereign, of  
Arkansas.

Senator Jones is expected to return  
from his visit to Bryan at Lincoln,  
Neb., by Tuesday, when he will meet  
Senator Butler and the populist com-  
mittee.

### Foreign News.

BRUSSELS, July 28.—Jean Baptiste  
Nicolas Coomans, the celebrated Bel-  
gian publicist, died Monday, aged 83  
years.

BERLIN, July 28.—The Warsaw cor-  
respondent of the Cologne Gazette tel-  
egraphs that several arrests have been  
made there of persons said to be con-  
nected with an impending Polish rev-  
olutionary movement.

### The Peoria Club Disbands.

PEORIA, Ill., July 28.—The Peoria  
baseball team, of the Western associa-  
tion disbanded Monday night. Poor  
patronage is given as the cause of the  
action taken.

### COUNCIL PROCEEDING.

Council met in regular session Tues-  
day evening, with all members present  
except Bachman, Wood, Brennan and  
Ridge.

The application of Amos P. Huff for  
a position as brick inspector was re-  
ceived and referred to the paving com-  
mittee.

Building permits were granted to  
Anna Garry, Whites Road, and R. J.  
Simpson, Second street.

Col. R. L. Nye appeared for the C. &  
M. Ry., asking an extension of right of  
way crossing Third, Fourth, Fifth and  
Sixth street and for a siding on Wayne  
street. An ordinance granting such  
extension was submitted and after  
being read by the Clerk, was referred  
to the Railroad committee.

C. S. Dana asked that the matter of  
drainage of Mrs. Sayre's lot, No. 609  
Third street, be investigated, and upon  
the motion of Dr. Hardy it was referred  
to the Street committee and City Com-  
missioner.

The matter of the proposed opening  
of Marion street went over to the next  
meeting, as did also the grading of  
Fifth and Montgomery streets and the  
extension of Charles street.

The President called up the question  
of the alleged encroachment of Wm.  
Worster on stone quarry lots on the  
West Side. Mr. Rech, speaking for the  
Street committee to whom it was re-  
ferred, stated positively that the Street  
committee did not consider that it had  
jurisdiction in the matter and would  
take no action.

In the proposed opening and widen-  
ing of Mulberry street Mr. Rech moved  
that the deal be closed with Mrs. Law-  
rence and the Street committee instructed  
to tender her \$50 for land to be  
taken. The motion prevailed by un-  
animous vote.

Mr. Moore, at the suggestion of the  
City Engineer, submitted a resolution  
changing grades on Third street to se-  
cure better drainage from Putnam to  
Montgomery street. Upon motion of  
Mr. Price the resolution was adopted.

Mr. Moore, of the Sewer committee  
reported the estimate of the City En-  
gineer for the proposed sewer of  
Franklin street. The estimate showed  
the total cost to be \$3075; cost to the  
city, \$899; cost to property owners \$2,  
176, and cost per front foot 45.33 cents.

Mr. Ridge came in at this point and  
took his seat in Council.

The City Solicitor was instructed,  
upon motion of Mr. Moore, to prepare  
the required necessary resolution in ac-  
cordance with the Sewer committee's  
report mentioned above.

An ordinance assessing the cost of  
street paving on Greene street from  
Second to Fourth upon the owner of  
abutting property, was submitted and  
read by the Clerk. Under suspension  
of the rules the ordinance was passed  
to the second and third readings by  
title only and adopted.

An ordinance to regulate the use of  
the drawspan in the Putnam street  
bridge was read by the Clerk and upon  
motion of Mr. Moore was referred to  
the bridge committee for report. Mr.  
Ridge stated that the bridge committee  
was ready to report without delay in  
favor of the adoption of the ordinance,  
but it went over to the next meeting  
for formal action by the committee.

Upon motion of Mr. Rech the ques-  
tion of transferring to private poles the  
electric light wires of the city and also  
the investigation of the reported erec-  
tion of short poles by the telephone  
company were referred to the Light  
committee.

The City Commissioner was instructed  
to look after a number of surface  
sewers reported to be too small to car-  
ry off the water.

Upon motion of Mr. Price, amended  
by Mr. Ridge, the Park Commissioners  
were authorized to place ice in the  
drinking fountain in Muskingum Park,  
at an expenditure not exceeding one  
dollar per week. Rech voting no.

After allowing the usual number of  
bills, Council adjourned.

### Silk Made from Fish Eggs.

A French chemist has recently dis-  
covered that the eggs of certain species  
of fish are enveloped in veritable silken  
cocoon. Since the learned French-  
man began his experiments in this line  
(in 1894) he has found seven different  
species of fish that produce eggs from  
which a fine quality of silk may be  
woven.

state committee, at its meeting Tues-  
day decided to hold the state conven-  
tion to nominate a state ticket and  
presidential electors at Buffalo on Sep-  
tember 16.

LADIES in London and the south are  
now decorating their bicycles with  
flowers. The idea really comes from  
Italy, where the front part of the little  
victorias on the Italian or in the Sas-  
sine are crammed with gay blooms.
